New Democratic Party Materials

This collection contains a wide variety of materials on the New Democratic Party at both the Federal and Provincial levels, which span the period from 1961 to 1979.

In keeping with the cataloguing of the CCF collection, an attempt has been made to arrange the material in a chronological order based on each decade: II. The 1960's; and III. The 1970's.

However, there are a number of documents which have no dates on them. For research purposes they have been placed at the beginning of the collection in Section I. Undated Material.
